

# NEWS RELEASE

January 12, 2009

Reliance Safety Supply & Service Ltd. Lloydminster is proud to announce that after extensive work and obstacles we are now a complete and certified Safety Service Center.

*Certification has been granted by Underwriters Laboratories of Canada for the recharging and testing of portable fire extinguishers under certification # 39ZG.*

*Certification has been granted by Transport Canada for the testing of high pressure cylinders under certification # 614.*

Management and staff at Lloydminster are extremely excited for this accomplishment and are very eager to service not only the oil and gas sector but now the fire service as well for all their safety service needs and requirements.
